

Timothy L. Rink, Ph.D. Founder – HTI, Inc. Tim holds an undergraduate degree from Capital University and master’s and doctoral degrees in Audiology from The Ohio State University. He is the founder of HTI, Inc., an Ohio corporation that has provided mobile, on-site audiometric testing, reporting and record keeping services to clients throughout North America since 1977. Tim has been a member of the National Hearing Conservation Association since 1983 and served as president of the association. He is a member of the American Speech-Language-Hearing Association, the Ohio Speech-Language-Hearing Association and has been a Council for Accreditation in Occupational Hearing Conservation (CAOHC) certified hearing conservation program supervisor. Tim has presented at numerous local, regional and national conferences and has authored several published articles on the delivery of on-site audiometric testing services and using audiometric data as an outcome measure of effective hearing loss prevention. Tim and his wife Gayle, who is an occupational health nurse and former CAOHC Council Member, spend time between homes on Catawba Island in Ohio and Bonita Springs, Florida. They have four grown children and nine grandchildren.
